## exhibitions

With more than 15 years of industry experience, TGP Exhibitions has become the region's leading exhibition and events management organization. Specializing in stand design and build, our multi-national management and production team has a proven track record of delivering world class quality to the most exacting clients.

## graphics

Attention to detail, award winning design and international standards is why TGP Graphics is one of the UAE's most successful design houses. We don't simply create graphics or decorate offices; we generate an illusion of space, build visual extensions of your brand and help achieve your marketing goals.

## live comms

A multi-disciplinary brand solutions division, TGP Live Communications help clients achieve communication and commercial success in today's experiential world. As specialists in events and live marketing solutions, our work is distributed across events, out of home environments, the digital arena, social media, brand activation and augmented reality techniques.

## interiors

TGP Interiors was conceptualized with an objective to serve the growing commercial interiors industry in the UAE. We provide a bespoke solution for corporate offices, F&B outlets, retail establishments and hotels, and engage our clients throughout the entire design process.

## engage

TGP's Engage division specializes in Interactive Digital Display Solutions, including a wide and exciting range of affordable and dynamic interactive digital signage displays that provide the very latest in high definition multimedia A/V technology.
